TOTAL CRIMES ACROSS ALL CATEGORIES, BY YEAR

CRIMES BY CATEGORY

On the following pages, the number of crimes per year are broken down by the crime categories in which they are reported.

Note that some crime categories have not always been available in previous years, so if there is no value for a past year in a particular category, the category did not exist in that year.

All crime statistics reported in this profile are obtained from the annual data published by the South African Police Service.

The SAPS publish the crime statistics towards the last quarter of each year, and the data published is for the period from May of the previous year to April of that year, inclusive.

For example, the 2019 crime figures are the totals for May 2018 - April 2019 inclusive.
